

TIPS ON ELECTRONIC COMMUNICATION!

The Two-Message Rule

How many times in a row should we message or call someone new without them responding before we stop?

two!

Social Media

Don't clog the feed. Quality over quantity!

Only post what you're willing for ANYONE to read, hear or see.

Cover Stories

Use cover stories when you are going to message or call someone you don't know well.

Examples:

"Hey I wanted to know if you're going to the game"

"Just calling to see what you're doing this weekend. "

"Hey! What have you been up to lately?"

Ending A Video Call

1. Wait for a pause
2. Give a cover story for going
3. Tell them it was nice talking
4. Tell them you will see or speak to them later
5. Say goodbye
